INSPIRATION

This wine was made especially from the demand from our wholesale market. The well known Pinot Grigio needed a red partner wine, and so Model M was created. The Model M tractor was the first tractor purchased by the Dusi family back in the early 1900's, when their business demanded advanced tools to help facilitate the growth of their business. Naming the J Dusi red wine blend Model M, was inspired by the tool which helped the family forge on in the wine business in their early days. Model M is modern tool of a venture set forth by J Dusi, providing a new wine to the retail marketplace. For J Dusi, Model M embodies A Family Tradition with a New Perspective.

WINEMAKING

Staying true the J Dusi heritage grape, this red wine blend is layered with red wine varietals that round out this approachable and everyday affordable red table wine.

TASTING NOTES

This red wine of big red varietals exudes Paso Robles fruit and tannins in a dark and robust blend. It's punchy yet soft and smooth at the same time through the front and mid palate. The grippy tannic finish seals the deal for a wonderful everyday drinking wine!
